# Vehicle Price Calculation Program

By Robert Geoffrey DeWitty

Have questions?
Email rgdewitty@gmail.com

- Input data into fields in 'read.xlsx'
    - Don't input data into red fields!
    - Use dropdown menu to choose vehicle types
- Run 'main.exe'
    - Wait for window to open
    - When window closes, go to the folder 'outputs'
    - Click on the most recently added folder - usually has the largest numerical ID number.
